EXPERIENCE

Business Operations Analyst

FomoPlanes

Dec 2024 – May 2025

Quito, Ecuador

- Built 5+ dashboards in Excel and Python (pandas) to track revenue, attendance, and KPIs across 30+ live events, giving leadership a single source of truth for performance.
- Conducted variance analysis on event budgets (2,000+ attendees), modeled revenue and cost assumptions, and recommended corrective actions informing pricing and staffing decisions.
- Analyzed user engagement patterns across marketing and operational channels to surface optimization opportunities and test acquisition and retention hypotheses.
- Consolidated and modeled datasets across multiple systems; translated findings into stakeholder-ready reports for Operations, Marketing, and Finance leads.

Junior Qualifying Specialist

Grand Canyon Education

Apr 2026 – Present

Phoenix, AZ

- Maintain and update 100+ student records daily in CRM systems, ensuring data integrity and accurate downstream reporting.
- Review 40+ applications per day applying structured criteria, flagging exceptions, and routing to appropriate teams.
- Translate high-volume case data into clear stakeholder communications for 4 counselor teams.

Administrative Assistant Intern

Corruempaque CIA LTDA

Sept 2023 – May 2024

Quito, Ecuador

- Maintained 20+ recurring Excel reporting workflows, standardizing formats and adding validation logic to improve consistency and reporting accuracy.
- Supported cost and operational data analysis; documented data processes to reduce onboarding time for new team members.

LEADERSHIP & PROJECTS

Sports Director & Sports Manager

USFQ Student Government

2022 – 2024

Quito, Ecuador

- Led data tracking, budgeting, and performance analysis for 10+ programs and 200+ participants — using insights to reallocate resources and improve participation rates.
- Coordinated cross-functional initiatives across Operations, Finance, and Communications.
